How to Use a QR Code

Compatible with Android and Apple phones!

Follow These Steps

OPEN CAMERA APP
- Find the camera app on your phone and open the app

1

SELECT REAR CAMERA OPTION
- Select option to use rear facing camera. You should be seeing what the rear camera is looking at on the screen

2

CENTER QR CODE ON SCREEN
- Hold phone over QR code. Center the code on the screen for a few seconds

3

TAP LINK NEAR CODE
- Tap the link notification that appears on screen (near the code) to go to website

4
