Proper Disposal of
Unused or Expired Medication
is Important

- **Proper disposal reduces the risks of:**
  - Accidental poisoning in children and adults
  - Intentional misuse of medication
  - Accidental overdoses in children and adults

- **Proper disposal is environmentally safe**

- **Proper disposal reduces household members' access to medications that are not prescribed to them**

Dispose of
Medication Properly

- Take medications (pills and patches) to approved disposal drop-off locations

- Request Deterra Bag to dispose of any form of medications (except sharps) at home

Scan to find drop-off locations or request a Deterra Bag
